

Neighbourhood plan

North Prospect

We have continued to improve community engagement from residents in the area.

We have consulted with residents about improvements to Titchy Park and installed new bins and benches following their feedback.

We have built more housing. Phase 4 of the regeneration is nearly finished and have started phase 5.

We have worked with residents on a one-to-one basis to help improve health, well-being and living.

Residents feel safe and secure.

Residents are happy with outdoor spaces in the area and there is a good standard of cleanliness in the area.

Residents are happy with the services and support in the neighbourhood.

This is your neighbourhood plan for North Prospect. We've put it together with your help to explain the main issues affecting your area and what needs to be done to make it a better place to live.

Your Tenancy Management Team:

Natalie Samuels

Housing Officer
01752 388159

Suzanne Burns

Assistant Housing Officer
01752 388159

What are we going to do?

What?	Why?	How?	When?
Improve cleanliness, reduce littering, and dog mess in the area and improve security.	To improve the environment for residents and enable them to take pride in where they are living.	Speak with Plymouth City Council about getting more bins for the area. Look at installing further security measures in areas affected by anti-social behaviour.	2022/2023
Lobby council and other agencies regarding parking issues.	Residents have said that they are struggling to park.	Speak to Plymouth City Council about parking options and potential solutions. Lobby highways, Councillor/MP and our own management team. Line painting to be completed.	2022/2023
Reduce crime and ASB.	Due to an increase in reports.	Continue to jointly work with the police and other agencies and use housing management tools to tackle ASB. Staff to be more visible around the estate. Ensure good communication and reporting lines between residents, police, the council and ourselves.	2022/2023
Continue to build on community engagement.	To promote and increase opportunities for residents in the area and encourage community cohesion.	Continue running groups from The Beacon and hold events in the area. We will also be encouraging new residents to the area to engage with the community.	2022/2023
Promote health and well-being.	To encourage healthier choices and improve wellbeing.	Promote Learn for Free courses and community events linking into Plymouth's Thrive agenda, New Home New You and the Swap to Stop scheme. Signpost residents to support services.	2022/2023
Continue the next phases of the regeneration.	To improve and enhance North Prospect.	We will continue to work closely with the community to make sure that residents' needs are taken into account.	2022/2023
